Re: Finance Docket No. 35852, Canaveral Port Authority—Petition for Exemption to
Construct and Operate a Rail Line Extension to Port Canaveral, Florida

Dear Dave:

Our client, the Canaveral Port Authority (CPA), has reviewed with great interest the October 6, 2015 memorandum prepared and submitted to you by the Department of the Air Force 45th Space Wing (45 SW) concerning the possibility of a new rail line through the Cape Canaveral Air Force Station (CCAFS). CPA is actively working in partnership with the Gilbane-Renuart-Larkin-Mid-Atlantic Railway Services Group to further evaluate a CCAFS rail route. Because we recognize that this could take some time, CPA respectfully requests that the Office of Environmental Analysis put its environmental review work on a temporary hold while we continue to study and gather information concerning the feasibility of a CCAFS route. CPA identifies the CCAFS route as a preferred route.

Thank you for your continued assistance in this matter. Please let me know if you have any questions.

Regards,

Kathryn Floyd
